Bangalore.

Sub :

Sir,

Kindly arrange to inform this Mission whether the
Original /Diploma certificate and Marks Sheets issued to
MAZIA DARAFSH an Iranian who has passed B.Sc examination held
by your esteemed University in the year 1990, are genuine.

A Copy of the certificate is being enclosed for
your ready reference and early intimation.

Thanking you,

Yours Truly,

Kouresh Farhadi,
Incharge Student Section.

Mr. K. Rajendran
36 Abith Colony, Kambar Street
Saidapet, Madras 15
Tamil Nadu State, India 600 015.

Dear Mr. Rajendran:

As I mentioned in my November letter, the SAE committee who reviews curricula for SAE recognition has examined the catalogs you submitted. The Committee decided that students enrolled in the programs at the H.I.E.T. and Newport University would be accepted as SAE student Affiliate members.

However, when applying for regular membership, SAE will award "Years of experience" for education for the following programs only:

H.I.E.T.

A.M.Ae. S.I. (India) & D. AE. Tech.
AMIE (India) Examination
A.M.S.E. (London): Diploma Courses in Mechanical, & Electrical
Post Diploma in Mechanical, & Electrical

Newport University

Four-Year Engg. Programs (B.Tech.) in Electronics, & Aeronautical
Engineering

The Aeronautical Society of India

Pass in Aeronautical Engineering Examination

Determining eligibility for regular membership will continue to be based on each applicant's educational background, and the nature and number of years of work experience. Work experience must be technical in nature. Individuals performing routine administrative or maintenance functions are not considered eligible for SAE membership.

Mr. G. George
Director of Studies
City College of Higher Education
67 / 83 Seven Sisters Road
London N7 6BU

25th September 1984

Dear Mr. George,

I am writing to confirm, that the BSc degree in Electronic Engineering awarded by Newport University Europe, the course being conducted by City College of Higher Education, has been accepted as meeting the academic requirements for Graduateship and thus corporate Membership of the IEEIE. The Engineering Council have also accepted the award as meeting the academic requirements for registration as a Technician Engineer.

Approval has been granted for an initial period of three years subject to annual monitoring visits by the Institution and the Engineering Council. In their report the Council's assessors raised one or two questions about flexibility of entry standards and the contribution made to the course by part-time staff. Perhaps another meeting could be organised between members of your staff and representatives of the Institution to discuss these matters as well as the award of a Higher, Diploma, referred to in your letter of 17th September.

I look forward to arranging such a visit with you after classes commence.

Newport Beach, CA 92660

Dear Dr. Dalton:

This will acknowledge receipt of your letter with reference to accepting applications from students from Newport University for admission or transfer. Accordingly, The Atlanta University will accept applications for graduate admissions. Applicants would be subject to the University's entry requirements.

Thank you for your interest in the Atlanta University. We look forward to applications from your students.

Sincerely,

Kofi B. Bota
Vice President for Academic Affairs.

High Voltage Engineering Professor H. House

B.Sc. Course in Electronic Engineering of Newport University - USA

As the Chief External Examiner of the degree course in Electronic Engineering offered by City Tutorial College, I am able to confirm that the course may be recognised as equivalent in level and content to an ordinary B.Sc. Course of a British University.

Incorporated in the degree programme is a final year laboratory course provided by the City University. All the experiments on this course are selected from those used in Parts II and III of the B.Sc. Honours Degree Course in Electronic Engineering offered to its own students by the City University. The work of each student is marked and registered by the City University and a certificate with grades achieved is issued at the end of the year.

Students completing the B.Sc. at City Tutorial College may be considered for postgraduate studies at British Universities subject to their overall performance, recommendation and interview, as is the normal requirement for entry to postgraduate course.

The City University would be willing to consider applications for entry to a M.Sc. course from students who have completed the B.Sc. course at City Tutorial College with high grades.

Dr. Karl J. Werres
Newport University
Zentralverwaltung (Europa)
Necklenbroicher Strabe 74
4005 Meerbusch 1
GERMANY

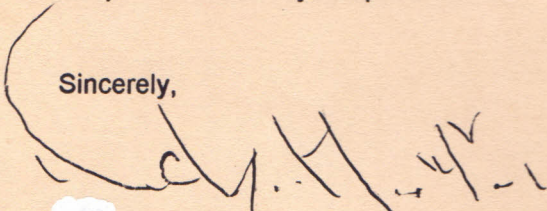

Dear Dr. Werres:

This is in answer to your letter requesting information on the legal use of earned degrees in Oregon.

A degree awarded by an institution legally approved to award degrees in California is generally recognized in Oregon. However, professional degrees in areas such as medicine, psychology, law, and architecture are not sufficient in themselves to permit the practicing of those professions in Oregon without first passing a state examination. Also, One cannot represent themselves to the public as having the authority to practice a particular profession in the State without passing the examination.

I hope this answers your questions

Sincerely,

A handwritten signature in dark ink, appearing to read 'D. L. Collins', with a large, sweeping initial 'D' and 'C'.
